Project Name

Human Development Index (HDI) Predictor

User

Students, Researchers, Government Officials, Data Analysts

Says

I want to know the Human Development Index of a country.

I need an easy and quick prediction system.

I want accurate results.

Thinks

Can Machine Learning predict HDI correctly?

Will this save my time?

Is the prediction reliable?

Does

Opens the HDI Predictor website.

Enters Life Expectancy, Education Index, and Income Index.

Click the Predict button.

Views the predicted HDI.

Feels

Happy because the prediction is quick.

Confident about the result.

Satisfied with the simple interface.

Pains

Manual HDI calculation is difficult.

Collecting data takes time.

Existing methods are complex.

Gains

Instant HDI prediction.

Easy-to-use web application.

Better understanding of country development.

Saves time and effort.
